Welcome Members and Vendors!

Your friends at Allegiant Power hope you are ready to attend your 2024 Member Conference in Cabo, The BIG SHOW! We are excited to have vendor presentations back and return to the "normal" world of having our Member Conferences and seeing all our friends in the battery industry. This is an event you do not want to miss! We have a similar show format as we had in the past before covid for you to see in the following pages.

The Big Show in Cabo will be a great venue to network, have fun, see your Top Sales Vendors who attend and learn what is new and happening in our industry. I am personally delighted to welcome you to this exclusive event that will allow you the opportunities to help you advance and grow in all areas of your business. The networking, knowledge sharing and collaboration that will happen here is what makes our shows extra special, plus those show promotions! Those are the words that our members have shared most with us over the past 40 years of doing these conferences. So please come and connect with your fellow battery specialists. You will not regret attending and by doing so, you will be investing in your business.

In addition to this we have arranged a variety of social activities for a great mix of fun and business. The entertainment listed on the following pages will ensure a memorable stay in CABO. From the ocean views we will have on opening night, to the dinner cruise planned, this will be a memorable event you will not want to miss.

We thank you for your business, support, loyalty, and friendships over the many years.

Yours sincerely,

Tom Wilson
President
